<276r>

To the Right Honorable the Lords Commissioners of his Majestys Treasury.

May it please your Lordships

It being usual to place the Kings Arms upon the reverses of the larger species of the moneys: I humbly pray your Lordships that so soon as his Majestys Arms are settled, I may have such Orders or Directions as are proper, for preparing Draughts of the several species of the moneys to be affixed to a Warrant under the sign manual for coining the same. All which is most humbly submitted &c.
